

Living Without Walls

FIELD BAR

EXPEDITION GRADE, PORTABLE, FREE-STANDING UTILITY BAR

We at KANZ Outdoors create expedition grade products that simplify the process of living outdoors. Our products allow professional and leisure users to focus on the activities in the outdoors and worry less about the operation, organization and transport of the equipment. Through the specific integration of organic materials in our designs our products deliver a sense of harmony as they too integrate into their surroundings.

FIELD BAR

The KANZ Field Bar is a portable, compact, free standing bar with integrated professional drip tray and drain, concealed light, mirrored back wall, glassware drawer, speed rail, utensil drawers, LED flex light and plenty of room for all bar necessities. Everything nests inside an expedition grade enclosure.

Key Features

- + Clear coated with durable bar top finish
- + Marine-grade aluminum panels engineered for impact resistance and rigidity
- + Compact and light weight, for easy handling
- + Professional stainless steel drip tray with removable grid and drain
- + Speed rail for 4 bottles mounts on front door or nest inside during transport
- + Removable side drawers for bar tools fit inside during transport and function as serving area during use
- + Mirrored back wall
- + Free standing, stable setup with legs (included)
- + Front door panel can be employed as extra horizontal surface
- + Spacious interior layout provides room for most bar necessities like ice buckets, condiments, and bottles
- + Large glassware drawer with slatted sides for easy visibility
- + Integrated rigging points for wall mount or pack saddle utility

Specifications

- + Outside Dimensions (H x W x D):
