- White Water Rafting
- Overland travel
- Expedition, Safari
- Work camp
- Emergency kitchen
- Outdoor Catering
- ... and anytime you need to take your kitchen outdoors

The Field Pantry is a container for storage of staple food items and supplies. Together with the Field Kitchen and the Ice box it is an essential part of a complete and bear safe outdoor kitchen system.

It is made of deep drawn marine-quality aluminum panels for light weight and high impact strength. ABS-laminated Baltic birch plywood panels provide desired exterior protection, while the clear

coated Birch plywood interior gives it a unique look and feel, fitting the outdoors. When put on its optional legs it becomes a free standing unit.

The spice drawer, shelves and dividers for storing the food items and supplies are dimensioned to fit most commercially available items.

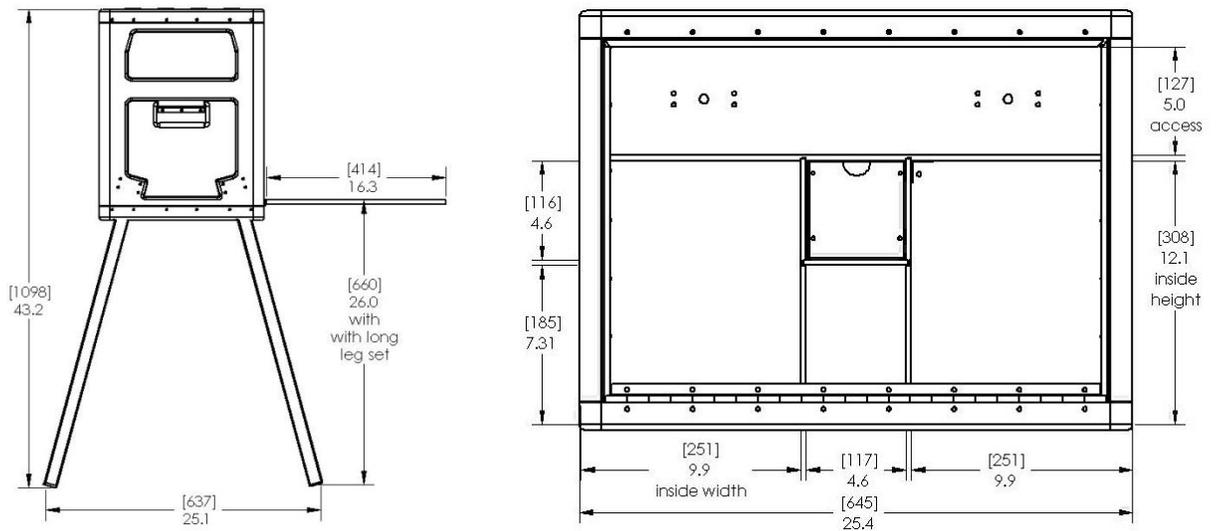

Specifications:
